COMMISSION ACTION:

Move to approve the revisions to "Rider to Retail Rates - Community Solar Rider" as proposed by SCE&G. These riders comply with the requirements of 58-27-870(F). The rider does not require a determination of the entire rate structure and overall rate of return. The rider does not result in any rate increase. And the revisions provide for specific allocation of the community solar capacity among eligible customer groups, and the revisions provide clarity on the low-income subscription model.
